Kentucky Music Hall Of Fame And Museum ©

The Kentucky Music Hall of Fame and Museum© is like a home... a home that preserves the legacy of hundreds of Kentucky natives who have helped form the trends of our Musical history. Our museum really brings the past to the present and allows generations of visitors to experience an interactive journey that is educational, entertaining and won't soon be forgotten.

The Hall of Fame is also a type of home to the musicians whose musical careers have made an unmistakable impact on many forms of music as we have come to know it. Their Kentucky roots often created the catalyst for songs and sounds that became known around the world.

It is our dream to share the historical value and the educational significance of the musical heritage that we possess as a result of our own native musicians. Our 2011 class Hall of Fame inductees represent several genres of music and we are proud to be such a big part of preserving the legacy that they have each left us all to enjoy.

***We value your support of the Kentucky Music Hall of Fame and Museum©
and look forward to seeing you at the ceremony.***
